-  TILING TOOLS

Key to symbols:

-  - new product
-  - made of stainless steel
-  - specialized tool
-  - patent pending
-  - innovative technologies applied
-  - eco-friendly design

Comensal Sp. z o.o. is one of the leading producers of building hand tools in Poland. Since 1992 we have been broadening our experience in the production of building hand tools and establishing our market position.

We particularly focus on the quality of our products and the satisfaction of clients. Due to constant investments in innovative manufacturing technologies and warehouses we still increase our production effectiveness and improve delivery standards.

We are proud to supply not only DIY chain stores, distributors and building depots but also small shops. All clients are attended to by professional sales representatives scattered around the country. They secure our presence in all corners of Poland and maintain good relation with our clients.

We also have partners in most of European countries and we strive to strengthen our presence outside of Europe. For more details please consult our export department which will provide you with all necessary information concerning the company profile, its products or ways of striking business relationship.

COMENSAL Sp. z o.o.

COMENSAL Limited Liability Company implements a project co-financed from European Funds:

„Internationalization of the COMENSAL Company through the implementation of activities recommended in the business strategy for the promotion of competitive products of the company on selected international markets”

Co-financing of the EU project: PLN 223 721.07

Growing our strong position on the home market does not stop us from getting onto foreign markets by exporting our tools - they can be found in almost all European countries.

We are proud that our experience is appreciated both in Poland and abroad.

COMENSAL actively participates in trade shows. We build up our image by regular participation at Eisenwarenmesse in Cologne, and recently at The Big 5 in Dubai.

We promote ourselves through cooperation with chambers of commerce in numerous countries: Uzbekistan, Morocco, Egypt, South Africa. In Poland you can see us at shows, open days and other events organised by our clients, where we actively share our knowledge and experience.

During last 20 years we have managed to equip the company with state-of-the-art machinery enabling flexible and tailored to customers' needs production, e.g. private branding, individual colours, individual design of moulds and die-cuts.

Such infrastructure allows us to increase competitiveness on the market. A number of innovative technologies and new products could be developed thanks to EU funding programmes.

In our factory, we go through all stages of production: designing, injecting plastic elements, cutting and bending metal parts, welding, coating and assembly of final products.

Machinery is adjusted to meet individual requirements of our clients and offer best Polish quality.

Check how it can work for you!

We work with:

User friendly

Ergonomic and durable- made to change your surroundings, every time you want.

Always at hand

Every handyman needs tools within his reach - COMENSAL is always at hand.

A series of useful tools that will convince everyone. Always at hand when unexpected repair is needed or when it's time for redecoration.

A wide range of tools allows you to easily perform any works you have planned with a professional touch.

PLASTIC FLOAT FOR EPOXY GROUTS

ITEM NO	SIZE [mm]	THICKNESS [mm]	PCS/BOX
138-00	240x90	10	10

Durable rubber

 Recommended for application of epoxy grouts.

PLASTIC FLOAT WITH NEEDLED FABRIC

ITEM NO	SIZE [mm]	PCS/BOX
139-00	240x90x45	12

 Recommended for cleaning tiles after application of epoxy grouts.

BLACK AND WHITE FABRIC

ITEM NO	SIZE [mm]	TYPE	PCS/BOX
139-01	250x100	ROUGH AND SOFT	10
139-02	250x100	ROUGH X2	10
139-03	250x100	SOFT X2	10

CORNER FLOAT WITH RUBBER FOAM

ITEM NO	SIZE [mm]	PCS/BOX
599-00	300x70	5

 Recommended for floating in corners.

SWIVEL POLE FLOAT

ITEM NO	SIZE [mm]	THICKNESS [mm]	PCS/BOX
574-00	390x190	18	1

 Recommended for floating gypsum plaster on ceilings and other large surfaces.

DENSE SPONGE CUBE

ITEM NO	SIZE [mm]	PCS/BOX
233-03	195x125x65	5

SOFT SPONGE CUBE

ITEM NO	SIZE [mm]	PCS/BOX
232-00	140x110x70	5

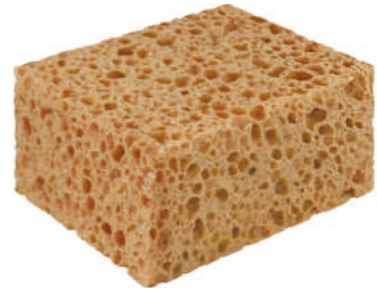

HYDROSPONGE CUBE

ITEM NO	SIZE [mm]	PCS/BOX
233-01	140x110x70	5
233-02	130x190x70	5

HYDROSPONGE TABACO

ITEM NO	SIZE [mm]	PCS/BOX
233-04	140x110x70	5

CELLULOSE SPONGE

ITEM NO	SIZE [mm]	PCS/BOX
250-00	185x110x55	1

 Recommended for final finishing of epoxy grouts.

UNIVERSAL SOFT SPONGE WITH SOFT RUBBER CUBE

ITEM NO	SIZE [mm]	TYPE	PCS/BOX
234-00	140x110x70	SOFT	5
235-00	140x110x70	HYDRO	5

UNIVERSAL HYDRO-ORANGE SPONGE CUBE

ITEM NO	SIZE [mm]	TYPE	PCS/BOX
240-00	140x110x70	HYDRO	5
241-00	140x110x70	SOFT	5

SPARE FELT DISC

TOOLS FOR AERATED CONCRETE

Specific purpose

These tools are specially designed for aerated concrete blocks.

Long lasting protection

Metal parts are powder coated which enhances their durability.

TROWEL FOR CELLULAR CONCRETE

ITEM NO	SIZE [mm]	PCS/BOX
801-00	110	1
802-04	240	1
803-04	360	1
812-00	420	1

 Recommended for spreading a thin layer of glue.

CELLULAR CONCRETE ANGLE GAUGE

ITEM NO	PCS/BOX
804-01	1

 Recommended for cutting blocks at a right angle.

CELLULAR CONCRETE BLOCK GROOVING TOOL

ITEM NO	PCS/BOX
806-01	3

 Recommended for making grooves in blocks, e.g. for electrical wiring.

DRILL

ITEM NO	SIZE [mm]	PCS/BOX
807-01	40	10
808-01	60	10
809-01	80	10

 Recommended for drilling holes in blocks.
